Speaking personally, I would like to point out the following: PASOK requested the formation of a new examining committee on the Vatopedi issue after some peculiar, internal deliberations, which were caused by a group of house representatives. No one in the press asked why! The New Democratic party (ND) was right when it initially declared that it would not support this new move unless new evidence was provided. After being pressurized, the ND changed its stance and agreed on the formation of the committee without explaining the reason, on the condition that all the examining boards should not sit at the same time in order

to prevent public opinion and house representatives from being exclusively preoccupied with the issue. Again no one in the press asked why. It is now obvious that behind the revival of this issue some people with great interests are hiding. Whoever had the opportunity to read [περισσότερα...](#)
