Moth-eaten virtues (Saint Nectarios of Pentapolis)

[Ξένες γλώσσες / In English](#)

Image not found or type unknown

Vainglory is the thief of spiritual riches. It doesn't only destroy good works but also becomes a guide for evil ones. It undermines the foundations of the greater virtues. It's the moth that eats away at everything we have with pleasure, which coats the poison of its deception with honey, thus filling people's minds from this disastrous chalice.
