What is love? (Elder Efraim Vatopaidinos)

[Ξένες γλώσσες / In English](#)

Image not found or type unknown

Today they present love as a social relationship, as a social virtue. This is a mistake. Love isn't a social virtue. Love is the fruit of the Holy Spirit and is achievable only insofar as we love God. And we communicate properly and truly with other people only when we first communicate properly with God.
