The way we live here on this earth, we're continually subservient to material things. This isn't true of the angels. This life was given to us so that we can learn about eternal life, how we can become free, how we should progress freely, with a clear conscience and pure thoughts. When we're free, there's no more spiritual warfare. Victory's ours because we've abandoned ourselves to God. It's He Who determines our lives and we accept whatever befalls us as if he were giving us His own hand.
