If people are to live, to become complete, they have to receive Grace. It's our right to hold, to experience in our heart, the Holy Spirit, Who is, exists, lives, acts and functions in the Church. This is why, above all else, the Orthodox Church is the mother of Grace and gives her children everything the human soul requires. This is why, by living a proper life, being properly inducted into the Church, we can enjoy all that's beautiful, pleasing and sweet. And there's nothing sweeter than God's Grace.
