Without asking (Elder Tadej Vitovničk)

The Lord allows all sorts of things to happen to us which are against our will, because, if everything always went the way we wanted, we wouldn't be prepared for the Kingdom of Heaven. Neither heaven nor earth look kindly on those who insist on imposing their own will. God has His divine plan for each of us and we should submit to this. We should accept life as it's handed to us, without asking 'Why did this happen to me?'
