It has to find its way (Saint Basil the Great)

[Ξένες γλώσσες / In English](#)

Image not found or type unknown

From our first steps in life, the soul must be brought to the performance of every kind of good work, when it's still pliable, smooth and soft as wax. It responds easily, depending on the forms and shapes presented to it, by those who are its spiritual guides. Then, when reason and discretion have also matured, it'll find its way without difficulty.
