Not even to the gate (Saint Arsenie Boca)

[Ξένες γλώσσες](#) / [In English](#)

God allows lots of unhappiness and disasters in the world so that those who suffer can be saved through patience, you on the other hand be will be saved by alms-

giving. You can enter into the Kingdom of God without wretched trials, but never without generosity. It's absolutely impossible to get even as far as the gate of heaven without alms-giving.
