The path to Paradise (Elder Epifanios Theodoropoulos)

[Ξένες γλώσσες / In English](#)

I want to go to Paradise, even if I'm the last one in, after the world person ever. As

long as God puts me in, He can have put Nero and Hitler in before me and I'll even shine their shoes. It's no business of mine who God puts into Paradise. It's His and He can do what He wants. I've got no say in it. I want to be saved, and the rest is up to the Lord.
