We have to leave (Elder Efraim Vatopaidinos)

[Ξένες γλώσσες / In English](#)

Christ was transfigured on Mount Tabor. According to the holy Fathers, He thus made it clear to us that if we want to experience the mysteries of divine Grace, we

have to abandon the cares of the world. Our mind must separate itself from the things of this world, leave them behind and concentrate on the things above. The Lord shows us that we can become by Grace what He is by nature.
