Victory is ours (Elder Tadej Vitovničk)

[Ξένες γλώσσες](#) / [In English](#)

We live this life forever enslaved to material things, but the angels don't. This life was given to us so that we might learn about the life eternal, learn how we can

become free, how we can progress freely, with a clear conscience and pure thoughts. When we're free, there's no spiritual warfare- victory is ours, because we've abandoned ourselves to God. It's He Who orders our lives and we accept whatever happens to us as if He were giving us His hand.
