## Rank weeds (Elder Tadej Vitovničk)

[Ξένες γλώσσες](#) / [In English](#)

If you don't cultivate the ground, it may be rich and fertile but will produce lots of weeds. In the same way, human nature's created good by God, but unless it's

improved by the plough of proper reverence for God and the seed of the knowledge of Him, then impiety and all sorts of other weeds will spring up within us.
