They give testimony to my previous sinful and reckless life

I had still not understood the meaning of those words but I was trembling in fear. At that moment, a driver motioned me to move in front of him in the row of cars, something which I immediately did without hesitation.

Soon we had reached the accident site and I decided to increase my speed in order to reach the monastery of Zitsa as soon as possible. And then suddenly a lorry, loaded with building materials, appeared from a side road and slowed us down because he was going on the same direction as us. Therefore, I forced to drive carefully and slowly, because I could not overtake him. This way I was able to view the cars at the back and check if anyone was going to overtake me. When I looked

at the back through my side mirror, I witnessed the following incredible vision!
