Towards a Post-Kemalist republic

[Ξένες γλώσσες / In English](#)

İHSAN DAĞI

People power is rebuilding Turkey politically by getting rid of Kemalist tutelage through referendum. By approving overwhelmingly the constitutional package people have overcome by democratic means the resistance of the Kemalist power elite that did everything to defend their position.

It has become crystal clear once more that people in this country have always opted for a more democratic regime when they are asked.
